● About PrismScale

We designed and built for brands like these.

IQvent AI is our own event registration and check-in platform.

• Check-in Types

Every Way Guests Get In

Mix and match per event. All on one platform.

QR Pass Check-in

Scan in seconds, even offline

Coming soon

Facial Recognition

Walk in hands-free

WhatsApp Passes

Pass on the phone they carry

Walk-in Kiosk

Register and admit on the spot

Group Check-in

A whole delegation in one tap

Gates & Lanes

Separate entries for VIPs and staff

Welcome Greeter

Greet every guest by name

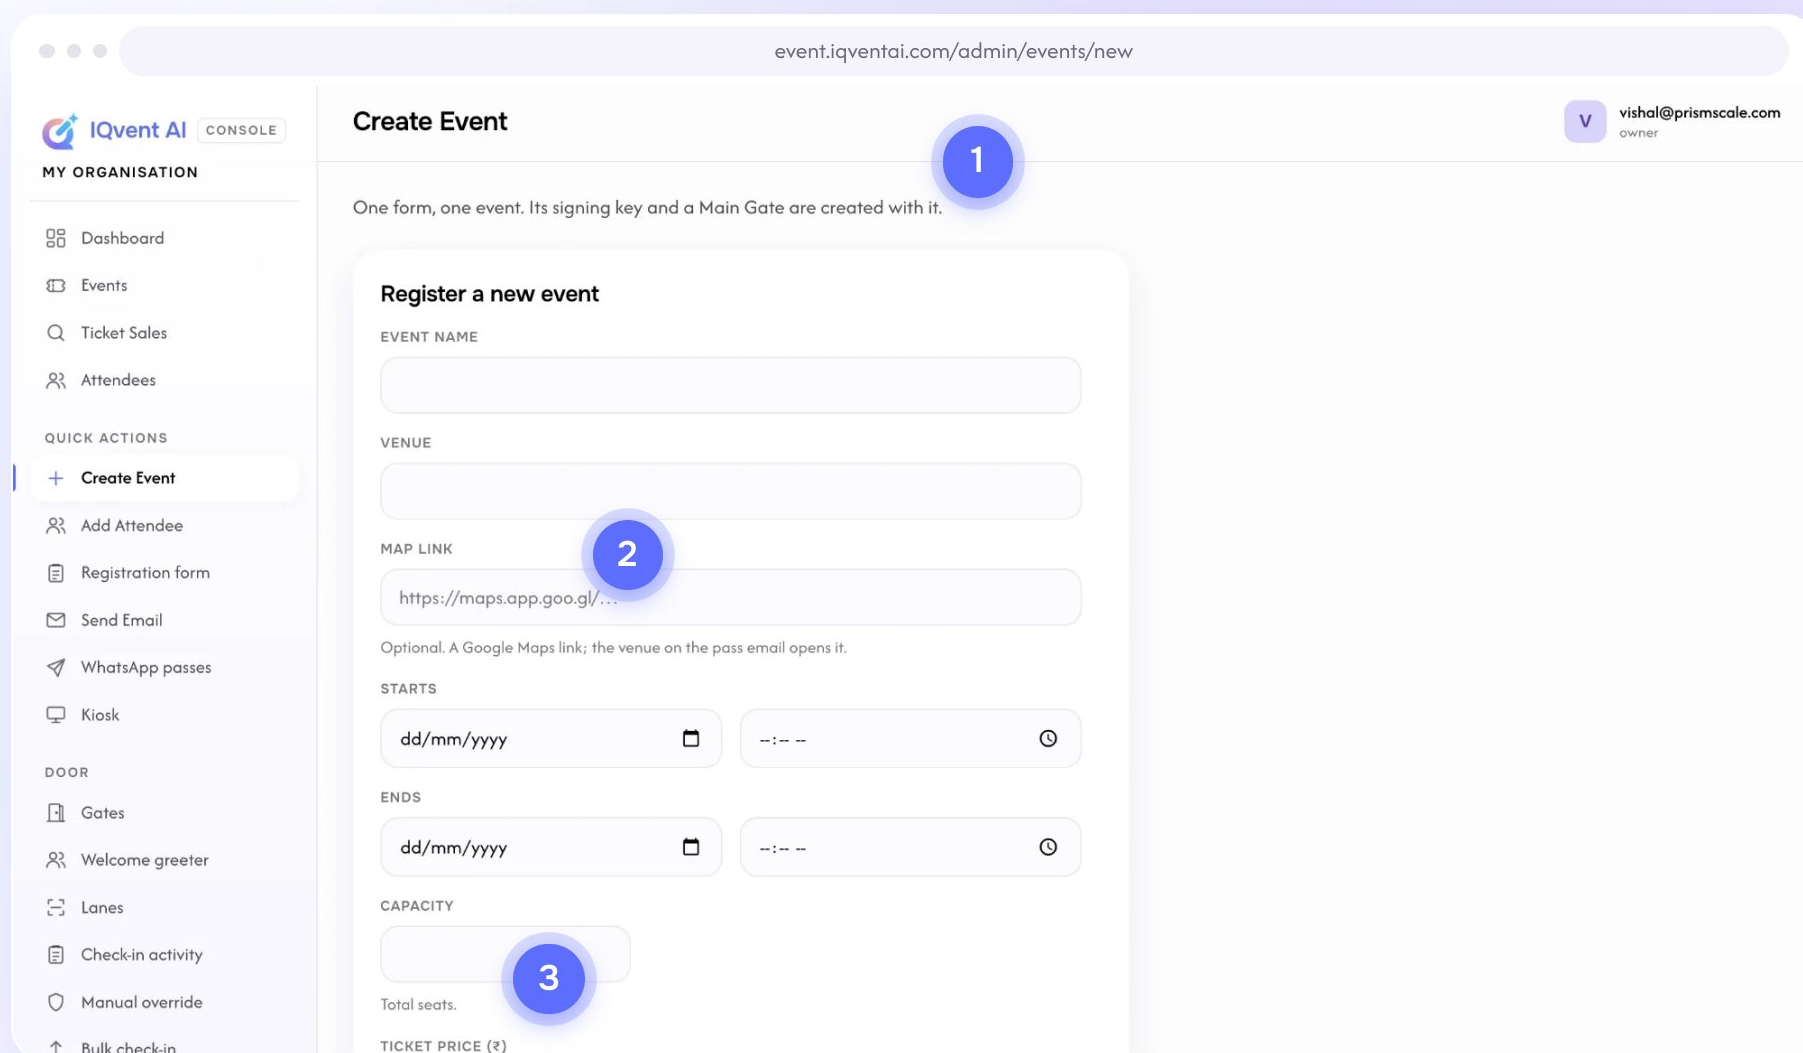

Manual Override

ID-checked entry, fully logged

Create an Event in a Minute

One form sets up the event, its entry gate and its secure passes.

event.iqventai.com/admin/events/new

Create Event

One form, one event. Its signing key and a Main Gate are created with it.

Register a new event

EVENT NAME

VENUE

MAP LINK

Optional. A Google Maps link; the venue on the pass email opens it.

Every Pass Sent in One Click

Paced delivery keeps passes out of spam. See exactly who opened theirs.

event.iqventai.com/admin/send-email

Send Email

Send every attendee of an event the email that carries their pass. On a manual event nothing goes out until you press Email all. Anyone who already has one is skipped, never emailed twice.

EVENT

The Open Frontier - Thu, 8 Oct, 2026

Email all, paced

Sends one email every 3–10 seconds, up to 50 per batch, then waits 5–7 minutes before the next batch. It runs on the server: you can close this page.

Finished at 03:59 AM. 409 / 409
